

The image features a central yellow rectangular box with text, set against a background of a lush garden. The garden contains several purple globe thistle flowers in the foreground and midground, and some yellow wildflowers are visible in the background. The overall scene is bright and colorful, suggesting a spring setting.

## Spring Plant Sale 2020

### Same Great Plants, Different Way to Shop

Our Plant Sale will offer the same great, garden-worthy plants we had planned to sell to you in person. The sale catalog will be accessible from our website, along with an order form. You'll find woody plants, native wildflowers, uncommon perennials, stunning clematis, unusual annuals, a host of sensational salvias, herbs, and, of course, our signature tomato plants. We are working to have the catalog available by April 22. Have fun shopping!

Print the order form and mail it to us. Keep a copy for your records. Please wait to send a check until we call or email you to confirm the order.

We've ordered lots of plants and will do our best to provide you with those you request. Preference will be given to members at the \$100 level and above. Current members' orders will be filled before those of non-members.

We will schedule "curbside" pickup individually to comply with current health safety restrictions.
